

Who will be INVOLVED?

Fill in the circle in the middle of this page with your project idea, as well as the issue on which the project will focus. Around the circle, brainstorm community partners: what people and organizations you might collaborate with to plan and carry out your project.

A large, empty circle is centered on the page. Inside the circle, the text "Project idea:" is positioned in the upper half, and "Issue project focuses on:" is positioned in the lower half. The circle is intended for students to write their project ideas and focus issues.

Who will be INVOLVED? ... continued

Step one: Read through the list of potential partners below, and circle any who will be involved in the service-learning project.

Step two: Next to each partner that you've circled, indicate what role(s) each will play in your project.

Yourself

Your group of students

Other youth groups

School teachers/staff
